

Graph Structure At Time Index	Time Index	Change Events	Metapopulation Interpretation
	Slice 1	Starting configuration	Starting configuration
	Slice 2	Remove edge, Lower edge weight	Change in migration or communication
	Slice 3	Remove vertex, add vertex, add and remove edges	Community ends, new community founded, changes in communication pattern
	Slice 4	Add vertex, add edges	New community founded, increased communication
	Slice 5	Remove edge	Severed ties between two groups of communities
